

FIRST Tech Challenge

Ferocious Turbo Chickens

Team #37271 • Roseburg, Oregon

Competing through Compass Home Education

/ Help Us Compete

We are the Ferocious Turbo Chickens, a local FIRST Tech Challenge (FTC) robotics team based in Roseburg, Oregon, competing through Compass Home Education. We design, build, and program a competition robot and compete against other teams from across the region, building real world skills in engineering, coding, teamwork, and problem solving along the way.

To have a successful season, we are raising funds to cover our core team expenses. Your support directly helps us compete and grow.

OUR GOAL

\$2,100

- ◆ Competition registration
- ◆ Game field elements & practice parts
- ◆ Spare robot parts
- ◆ Team shirts
- ◆ Team banner

/ How You Can Help

- ◆ Every donation, big or small, moves us closer to our goal.
- ◆ Checks can be made payable to Compass Home Education (memo: FTC).
- ◆ We are grateful for any support!
